

SMART BIKE TAG

Make your own SMART bike destination tags using our template and a name badge holder (use the kind of name badge that clips on and where you slide your tag in from the top).

"WRITE-YOUR-OWN" BIKE TAG. SAVE FOR FUTURE RIDES.

Instructions:

1. Open the PDF document.
2. Print the 8.5" X 11" document on bright yellow paper or use color printer.
3. With a permanent marker, write destination station on one side and home station on the other.
4. Cut the Bike Tag out along perforated line with scissors, fold tag in half and then insert into name badge holder or any protective covering.
5. Hang badge holder from your bike with string or ribbon (thread it through the hole in rivet that secures the clip to the name badge).
